

SensorTech (OPC) Private Limited

Product Specification

Product Name: Screen printed Electrodes SEN—SPE-REF-01

Product Details;

The reference electrode constitutes part of electrode system of an electrochemical cell as an indication electrode to make an electrochemical measurement. SEN-SPE-REF-01 is Ag/AgCl reference electrode first time introduced in Indian market indigenously based on screen printed electrode. All reference half-cells have a universal reference pin connector. Ag/AgCl screen printed electrode is used as indicator electrode to make conventional Ag/AgCl reference electrode. SEN-SPE-REF-01 reference electrode with ceramic frit diaphragm, filled with 3 M KCl saturated with AgCl is a complete indigenous product of the company
